

BELL 407 Articulating Stretcher with ALS

Spectrum Aeromed is recognized as a world leader in creating customized and durable, highly functional air medical transport equipment that complies with aviation regulations. All engineering and design of our air ambulance life support systems comes from working hand-in-hand with air medical personnel worldwide.

Innovative and Uniquely Designed Articulating Stretcher

- One hand movement tested up to 400 lbs. with no binding of pivoting deck from full extension outside the aircraft to locked position inside
- Eliminates lifting and designed with crew safety in mind
- Lightweight
- Easy to remove and maintain

Advanced Life Support (ALS)

- Full ALS with Oxygen, Air Suction, Electric Outlets
- Storage and radio bays
- Medical equipment module attached in storage compartment with convenient quick-release fasteners
- Multiple design options available
